MAMMOTH MACHINERY

TT570 MINI DUMPER

The TT570 is a compact, high-performance machine built for tough jobs. With a load capacity of 570 lbs., it's powered by the reliable Honda GXV160 engine and driven by a 4×4 4F+1R mechanical transmission. This setup ensures excellent stability, smooth steering, and easy maneuverability, making the TT570 a dependable choice for a wide range of applications.
